PREGNANT.
NEED HELP?

CALL
PROBLEM
PREGNANCY...

Abortion information is available in Houston. Over the last year, Problem Pregnancy Information Service Inc. (P.P.I.S.) has helped over 5,000 Houston women secure safe, legal, therapeutic abortions.

Callers are given information on five different locations where abortions are readily accessible. Once a decision has been reached, P.P.I.S. confirms reservations with the airlines, the hotel, and the medical facility. Flights are scheduled on specific days so that women can travel together if they want to.

If you have a problem that involves a pregnancy, make a local call and phone Problem Pregnancy. There is a counselor at the phone 24 hours a day.
